Happy Thanksgiving

~Thanksgiving~ a mohair piece was part of a special collection of bears (Collectors Collection) which were designed by some of our Club Members.

All I had to do was convert the picture shown into a finished fur piece.

~Thanksgiving~ was designed by Ina Werlein, one of our German Club Members. The bear is 3.75.

Nautical Santa

The Disney Doll and Bear event used to be held in December so it was a habit to do a bear and mouse Christmas set. Disney has now moved the date to May but I have kept on producing these Christmas sets. Picture right is ~Nautical Santa~. I view them as ~Santa~s from around the World~

This edition was open but is now retired at 150 pieces.
