Club Year 9—3 of 6 Club Exclusives

C.J. Dragon 3.75 in-

`Rosie Posie` 2.75 inch

`Little Blessings` 4 in

This year we have decided to really concentrate on our Club. We want to make it the best year ever. We have more Club Exclusives and we hope that by adding a mouse, dragon and Deb`s Little Gem exclusive we will be catering for more of our collectors.

Since I design each piece you will notice that `baby` is a strong influence in the pieces for this club year due to the arrival of my grandson `Clayton`. We have `C.J` the baby dragon sucking his thumb and `Little Blessings` a stork carrying a baby bear. I thought I did quite well to limit it to just two pieces!!!

One other new service this year is that `Precious` the little flump dumpy style bear can carry a string of alphabet beads spelling out your name, or anybody else`s name that you wish to have put on there. We thought it would be fun to `personalize` a piece this year.

If you have never been a club member then please think about joining us. Each member receives a free 4 inch mohair bear, this year it is `Bailey`. You will then receive at least 4 `Doodles`, the club newsletter during the year. The `Doodle` keeps you informed as to what is new, special editions and special events. There are competitions in each newsletter giving you the chance to win bears and other pieces.

This year we held two `Tea Party` events, one in San Diego and one in Chicago. There are plans to hold more during the next twelve months. Club members can participate in the event even if they cannot attend. There is a small charge but you do receive a great `Goodie` bag with great gifts in, with a

a value way over the cost of the event.

We also have the DCAD Club Convention being held in Oakbrook, Chicago on the 19-21st October, 2007.

There are a number of ways to join the club

1. Contact your favorite regular Deb Canham dealer and ask them to join you up for this years Club.
2. Sign up on our webpages
3. Phone our offices 1 800 789 8767 (USA only)
