Valentines Collection

`Sweet Heart Panda` measures 3.75 inches and is made of red and white mohair in my Flump Dumpy style. He has a little gingham bow and is limited to 50 pieces.

`All Puckered Up` a dragon, is 3.75 inches and made of wool and ultrasuede. He has a serious pair of lips and is very ready for Valentines Day. He is limited to 75 pieces which means he will sell out quickly.

`Rosa Mouse` is 2.5 inches and made of light brown mohair. Her dress has red and white polka dots – I love polka dots, all bright and sunshiny. She is limited to 70 pieces.

`Truly Beloved` is an adorable little Monster. He is made of ultrasuede and mohair. He measures 3 inches and is limited to 50 pieces.

`Golli Love` is an **exclusive club piece** which means he can only be purchased by club stores and club members. He will be limited to 50 pieces. His tag will show the edition number (not the club member number). This is not available all club year....only as long as it lasts so please be sure to order promptly.

Deb`s Mistake....again

Please Note: in some of the magazine adverts I have called `Rosa Mouse` `Valenti`!!!!!!!!!!!!!! Then I realised that I had already used that name for a dragon last year....so I had to change it to `Rosa`
Sorry for the confusion.....it so difficult to get everything straight when you have a creative mind.... All my fault!! Deb

2011 Product

I have a number of new pieces which will be exhibited at the trade shows. They will not all be released at the same time.

I have concentrated on the `Deb`s Little Gem` line and brought out some completely new designs and some little sets – which are really cute and very affordable. There is also a new size between the `Dollshouse` and the next size up.

The new designs are called `Woebes`, they have eyebrows and a lot of expression. The reason for the name is they reminded me of when I was very young and my Mother would use the expression `Woe be tide you if I find out.....` which meant that I was going to get in serious trouble `when` she found out what I was trying to hide. I used to will myself to `not let my eyebrows rise up in that obvious confession of guilt!!!`

Having said that these bears are funny and cute and have a lot of expression. The arms on the three inch bears are wired and pose able. The arms on the 2 inch version are jointed but not wired. I have included a picture of two of them but they are not orderable today. There are a number of them in different colors and sizes.

I haven`t named the pieces because I haven`t released them yet but they will be in the next Doodle and they are `Woebes`.

Prize Question:- What were the names of my first two Woebes?

First 10 people to email correct answer will win a prize.

Another exciting piece is `Golli`
a 3.75 inch golli inspired by

Florence Upton

who is often
credited as being the founder of the golli.

Florence`s first book which introduced the
Golli was `The Adventures of two
Dutch Dolls`. She went on to include the
characters in a number of different
adventures and this golli will be released
in different outfits over the next few years
inspired by the illustrations.

This is my all time favorite golly design. I
have included a picture of it because I know how irritating it is when some-
one tells you all about something and you cannot see
it. He is limited to 200 pieces. He is made of wool
and ultrasuede.

Pictured left is Florences` very own Golly and dolls
which can be seen in the Bethnal Green Museum,
London. Her golli was made of black leather.
While the golli is considered to be very English char-
acter —interestingly Florence was an American who
lived in England. The golli concept originated in India
but that is another story to tell.....

A picture showing what a little clown my Grandson is!!

It is very busy with the Trade Shows, but exciting too. I get to see a whole bunch of fun people, many of whom I have know for over 20 years.

As soon as I get back from Toy Fair I will be sending out the new `Doodle`. There will be lots of fun new pieces in it and remember that it will go up on the Club Website as soon as it is done.

I want to take this opportunity to wish Everyone a very special and Happy New Year. I thought this saying was particularly appropriate , simple and effective!!!!

I've shut the door on yesterday,
And thrown the key away.
Tomorrow holds no fears for me,
Since I have found today.
