Idex Show January 26/27th in Orlando Florida

This show has been growing as a trade event for some years and it has got to the stage where many companies prefer to show here than in New York which is of course very expensive and sometimes, very snow filled.

I also attend the Birmingham Show in England so this Idex event is my

Only USA trade show in the early part of the year. Collectors are welcome to attend this show and see the new lines from all the doll and bear companies. They also have the chance to purchase items from retailers and there are always lots of fun events lined up.

This 3.75 bear called `Lindy Lou` is a Limited edition of 30 pieces and only available at the show.

www.idexshows.com for more info.

Birmingham Spring Fair

This is the only trade show I do in the UK each year and it is really great to see the store owners and my UK reps, Brian and Myrna but equally I must be crazy to wend my way around the middle of England in early February when the wind is cold and most years we get snow!!!

This show is not open to collectors but I will give the store owners pictures and info to bring back for you.

There will be a show special but I am not ready to release it quite yet!!

January always sees the release of a number of new pieces—which is good because we have sold out of so many,

We have new Deb's Little Gems, new dragons, new gollies, new miniature mohair and a number of new dolls house pieces.

Of course, I cannot show you everything because I have to show them to the stores at the trade shows and in the Doodle but I don't think there is any harm in showing you some of the new DOLLSHOUSE PIECES. So turn over.....
